

Verified.Me: Transaction History

Verified.Me provides different ways for you to keep track of your activity.

You can tap on "Activity" at the bottom of the Home screen. The app will display the list of recent activities you have completed using your Verified.Me profile.

You can tap on any activity tile to view more details on that activity or you can filter the activities by date and/or tap on "All" to see all of the activities you have completed with Verified.Me, including the addition and removal of Connections, the sharing of information with other service providers, updates to your profile and more.

Thank you for watching this instructional video. To learn more visit www.verified.me
